## MATERIALS

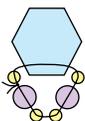

(for a 7.25-inch band, not including clasp)

- 2.5 yards of 6 lb. FireLine
- About 200 size 11/0 seed beads
- About 32 size 4mm beads of any type
- About 15 6x6mm Honeycomb beads
- clasp

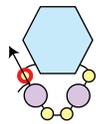

**STEP 1:** Thread your needle with about 2.5 yards of FireLine (or start with a length that you feel comfortable with and add more later).

Leaving about a 6-inch tail that you can weave in and make disappear at any time, string a seed bead and go through the bottom hole of a Honeycomb bead. String a seed bead, a 4mm bead, two seed beads and a 4mm bead.

Tie the beads together in a circle with a tight double knot:

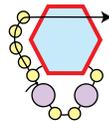

**STEP 2:** Go back up through the seed bead highlighted in **RED**:

**STEP 3:** String four seed beads.

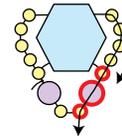

**NOTE:** If you are using Toho brand rocaille seed beads, which are a bit fatter than the Miyuki brand seed beads, you may only need three seed beads in this step and all other steps that call for adding four seed beads.

Go across through the top hole of the Honeycomb bead that you strung in the first step (highlighted in **RED**):

**STEP 4:** String four seed beads.

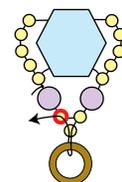

Go down through the seed bead, the 4mm bead and the seed bead highlighted in **RED**:

Go through your clasp and then back up through the seed bead that you just strung.

Continue up through the seed bead highlighted in **RED**:
